

Quality Policy Statement

**Asbestech Limited work to a formal quality Management System and are accredited to:
BS EN ISO 9001:2008**

Top management recognises that the disciplines of Quality, Health & Safety and Environmental management are an integral part of its management function. The organisation views these as a primary responsibility and to be the key to good business in adopting the necessary Quality standards.

Asbestech has a Management System in order to help us consistently satisfy the requirements of our customers. It is also designed to meet the Policy, Commitment & Objectives of the Company and the needs of the company staff.

The Management System Manual documents the organisation's quality management system (QMS) and sets out the necessary requirements from the organisation that will ensure good practice and correct procedures, which must be followed when carrying out all aspects of work.

The Management System is also intended to assist in compliance with the international standard of good practice, BS EN ISO 9001:2008 and the environmental standard BS EN ISO 14001:2004 and in the maintenance of independent accreditation of compliance with those two standards. The management system is to provide a framework for establishing and reviewing quality objectives and the effectiveness will be reviewed at the regular management review meetings.

Asbestech Limited provides services related to the removal, decontamination and disposal of asbestos in domestic and commercial environments and the Management System is to be implemented in all areas of the company directly or indirectly affecting our services.

- The Company will comply with all applicable Laws and regulations.
- Follow a concept of continuous improvement and make best use of its management resources in all Quality matters.
- Adopt a forward looking view on future business plans and decisions which may have Quality standards.
- Communicate its Quality objectives and its performance against the framework of these objectives throughout the organisation and to all interested parties.
- Work closely with our customers, subcontractors and suppliers to establish the highest Quality standards.
- Take due care to ensure that all activities are safe for employees, subcontractors and associates who come into contact with our work.

Signed
Daniel Chalkley - Managing Director
